

The 3 L's Clinic Overview

- Mastering The Foundation: Flow, Blend & Apply -

This new intensive 3 levels course brings together Jonathan's program in how it's applied in developing a horse. Whether you've taken just one previous clinic with Jonathan or you are an ongoing student looking to advance, this clinic will develop your flexibility moving through the 6 C's and show how to bring together the complex orchestra of the training scale. Becoming a horseman is about feel and fluid transitions from one moment to the next. Learn the benefits of having a program while maintaining the freedom & imagination to move with what is needed. Also, learn to engage your imagination in order to put the pieces together in a way that best helps your horse.
