

COURSE 1 & BEYOND OVERVIEW

- Connection & Riding Excellence -

In any discipline, to be great you must first master the fundamentals and this course is full of them! Bringing together advanced elements of Course 1 & Course 2 topics, this course has helped both beginners and high level riders fine tune their communication, raise their connection and advance their horsemanship. By far the most important course you will take, and one to review throughout your horsemanship journey!

- Learn the riding/exercise circle and the 3 steps to cycle through
- Discover how to “Stretch the elastic band” both emotionally and physically
- Find relaxation in movement with the “active neutral sweet spot”
- Learn a circle program while riding to develop a comfortable canter through bend & balance

- Improve your lead departures and build a foundation for lead changes

* *There's always a slight difference in the dynamic of each group of people and horses. Some lessons may be focused on more than others, including some not mentioned here. If one of these goals is important to you, please mention so at the beginning of the clinic.*
